ST. MARY’S PARISH SOBOR – The Vibrant Parish letter can be found in the pews, and it is posted on our church website. Helping us work to achieve the goal of becoming a Vibrant Parish, together as a spiritual family we will have a meeting to help prepare for the Eparchial Sobor! Our mini Sobor (meeting) at St Mary’s will be, May 7 at 6:30 pm in the Parish Hall. All parishioners are invited to attend. Our local church has been provided with a list of questions, which will be used to help guide in us presenting our ideas and feedback for the upcoming Sobor. Determine our path for present & future – identify needs for future. Address issue of retaining youth through participation, interaction and open environment. Maintain Byzantine Rite/culture/traditions but be open to community. And Many more.....

Many years later, a young friar I ordained who was working in Papua New Guinea came to see me on his home visit. He had glorious pictures of smiling natives, with bones in their noses, feathers in their hair and little else in the way of clothing. He announced proudly, *This is my parish council*. I was particularly intrigued because one of my own pastors had just told me that his parishioners were not ready for a parish council. If Fr. Provincial wrote today asking for the most difficult mission, we might have been sent not to Papua, New Guinea, but to the US, England, France or Canada. This is true for so many places in the Western World where secularism and de-Christianization are gaining ground. This is the challenge of the New Evangelization. It is much harder to preach the Gospel in a culture that seems to be vaccinated against the Faith, in our own country where so many Catholics have stormed off, dozed off or simply drifted away from the Church.

Pope Francis is calling on all of us to be missionaries in our own communities. In this new millennium, business as usual is not enough. We must be a team of missionaries, moving from a maintenance mode to a missionary one. We must ask ourselves, *What does it mean to live in a culture of unbelief; a culture which does not even know it does not believe because it still lives on the residue of Christian civilization?* As Hauerwas has expressed it so well: *The Church exists today as resident aliens, an adventurous colony in a society of unbelief. As a society of unbelief, Western culture is devoid of the sense of journey, of adventure, because it lacks belief in much more than the cultivation of an ever shrinking horizon of self-preservation and self-expression.* Pope Francis is ever warning

against a self-referential Church turned in on itself. He tells us to open the doors, to invite others in so that we can go out and invite.

To be a faithful disciple of Jesus Christ in the Catholic Church is much more than a head trip. It is a way of life together; the whole person is engaged in the process.

If we are going to get a hearing in today's world, it will be because people recognize that authenticity of our lives and our dedication to building a civilization of love. We are called to live our lives as a service to others and commit our lives to give witness to the presence of God's love and mercy in our midst. It's like the story – if we do not go the extra mile, give our cloak along with our tunic, turn the other cheek – then the patient will die. Sean Cardinal O'Malley, OFM Cap.

Сам, Владико, благослови ці галузки, і нас збережи і охорони, що віття це за прикладом тих в цей передсвяточний день несемо в руках. Щоб ми, як і ті народи й діти, викликували Йому: осанна і у піснях і співах духовних дочекали животворящего тридневного Його воскресення, що з Ним благословен єси, з пресвятим, благим і животворящим Твоїм Духом, нині і повсякчас, і на віки віків. Амінь.
