

Live Stream Liturgies

Many of St. Mary's services are now live streamed on the St. Mary's Facebook page.

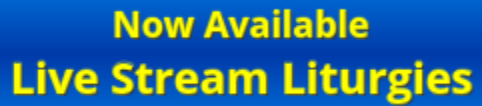

You do not need a Facebook account to view live video.

First, check the weekly bulletin for Divine Liturgy dates and times.

Shortly before the liturgy scheduled start time, click the blue button on this page or on St. Mary's website page which will take you to the St. Mary's Facebook page.

On the Facebook page, scroll down until you see a "LIVE" video stream. Click and watch!

Please note that you will not see the live service until just before it begins so check again if it's not visible.
